

CanAlfa - Liberty Village Public Art

Location Toronto, Ontario
Designer/Architect Charles Ya'Ya Heit
Duration Nov 2018 - Aug 2021

Scope - Soheil Mosun Limited was commissioned to manufacture design, supply and install this cast silicon bronze sculpture designed by Canadian artist Charles Ya'Ya Heit. The untitled sculpture depicts elements of native cosmology and spirituality around the natural world and is a prime example of West Coast Native sculpture.

Highlights - Sculpture is approximately 108" long, 96" high and 48" deep and is made with silicon cast bronze. The sculpture has a patinated and wax finish. It is composed of several elements, namely, 4 large feathers 72" in height each with elaborate traditional Native images engraved into them. The Medallion that sits atop the scroll piece has imagery of a Turtle on one side and a Beaver on the obverse side. The medallion is 54" in diameter and 6" deep.
