

Prodigy Group - Roserock Pl. at 121 King St. W - Pylon Signs

Location Toronto, Ontario
Designer/Architect Whitman Emorson
Duration Jun 2024 - Dec 2024

Scope - Soheil Mosun Limited was commissioned to manufacture design, supply and install these exterior pylon building identification signs and parking entrance signs for Roserock Pl. at 121 King St. W in Toronto.

Highlights - Two (2) double sided composite pylons at 10' tall each replicating pink granite with muntz bronze inlaid panel for tenant identification which are bronze etched and infilled and set at the entrance of the building. Waterjet cut letters at top of sign identifying the name of the building with inset address in the composite stone. For the exterior, there are building identification and two (2) parking identification pylon signs with UV resistant printed to painted aluminum for longevity.
